

Creating Content Contextual To The Platform | With Tim Dillon

<https://silosolo.com/119011>

Summary

This video discusses the importance of understanding different platforms and adapting content for each platform in creative strategy. It emphasizes the value of being able to laugh at oneself as a comedian. Furthermore, it explores the potential of Twitter to become a major streaming service and the impact of having a big personality in running a company. The video also highlights the importance of operational capability and hard work in entrepreneurship. Additionally, it points out the risks and challenges in cryptocurrency, such as the need for decentralized platforms and the negative effects of greed and short-term thinking. Understanding the intricacies of cryptocurrency is crucial to avoid potential risks.
